Forest Ecology and Management, 56 (1993) 345–347
Elsevier Science Publishers B.V., Amsterdam

Author Index

Abbott, I., Van Heurck, P. and Burbidge, T. (Como, W.A., Australia)
Impact of frequency and intensity of defoliation on growth of Jarrah (*Eucalyptus marginata*): an experimental study with saplings 175
Akachuku, A.E. (Petersham, MA, USA)
Recovery and morphology of *Pinus resinosa* Ait. trees 50 years after they were displaced by a hurricane 113
Atehortúa, C., *see* Kane, M. et al.
Balebereho, S., *see* Grundy, I.M. et al.
Bellefleur, P., *see* St-Jacques, C. and Bellefleur, P.
Bowen, G.D., *see* Theodorou, C. and Bowen, G.D.
Bragg, W.K., Knapp, A.K. and Briggs, J.M. (Manhattan, KS, USA)
Comparative water relations of seedling and adult *Quercus* species during gallery forest expansion in tallgrass prairie 29
Briggs, J.M., *see* Bragg, W.K. et al.
Burbidge, T., *see* Abbott, I. et al.
Campbell, B.M., *see* Grundy, I.M. et al.
Castle, E.N. (Corvallis, OR, USA)
A pluralistic, pragmatic and evolutionary approach to natural resource management 279
Caulfield, J.P. (Auburn, AL, USA), Schönau, A.P.G. (Pietermaritzburg, South Africa) and Donald, D.G.M. (Stellenbosch, South Africa)
Making eucalyptus species–site selection decisions using stochastic dominance analysis 147
Caulfield, J.P., *see* Quicke, H.E. et al.
Chalk, P.M., *see* Hamilton, S.D. et al.
Chanway, C.P., *see* Halter, M.R. et al.
Chapola, G.B.J., *see* Ngulube, M.R. et al.
Cunliffe, R., *see* Grundy, I.M. et al.
Donald, D.G.M., *see* Caulfield, J.P. et al.
Dvorak, W., *see* Kane, M. et al.
Fergusson, R., *see* Grundy, I.M. et al.
Fownes, J.H., *see* Harrington, R.A. and Fownes, J.H.
Fujimori, T. (Ibaraki, Japan)
Dynamics of crown structure and stem growth based on knot analysis of a hinoki cypress 57
Gregoire, T.G. (Blacksburg, VA, USA)
Estimation of forest growth from successive surveys 267
Grehan, J.R., *see* Tobi, D.R. et al.
Grossnickle, S.C. (Vancouver, B.C., Canada) and Russell, J.H. (Mesachie Lake, B.C., Canada)
Water relations and gas exchange processes of yellow-cedar donor plants and cuttings in response to maturation 185

Grundy, I.M., Campbell, B.M., Balebereho, S., Cunliffe, R., Tafangenyasha, C., Fergusson, R. and Parry, D. (Harare, Zimbabwe)
Availability and use of trees in Mutanda Resettlement Area, Zimbabwe 243
Halter, M.R., Chanway, C.P. and Harper, G.J. (Vancouver B.C., Canada)
Growth reduction and root deformation of containerized lodgepole pine saplings 11 years after planting 131
Hamilton, S.D., Chalk, P.M. (Parkville, Vic., Australia), Hopmans, P. (Kew, Vic., Australia) and Smith, C.J. (Canberra, A.C.T., Australia)
Field estimation of N_2 fixation by *Acacia* spp. using ^{15}N isotope dilution and labelling with ^{35}S 297
Harper, G.J., *see* Halter, M.R. et al.
Harrington, R.A. and Fownes, J.H. (Honolulu, HI, USA)
Allometry and growth of planted versus coppics stands of four fast-growing tropical tree species 315
Hopmans, P., *see* Hamilton, S.D. et al.
Kane, M. (Acarigua, Venezuela), Urueña, H., Atehortúa, C. (Cartagena, Colombia) and Dvorak, W. (Raleigh, NC, USA)
The potential of *Bombacopsis quinata* as a commercial plantation species 99
Knapp, A.K., *see* Bragg, W.K. et al.
Lea, S.M. and Morgan, P. (Moscow, ID, USA)
Resprouting response of ninebark (*Physocarpus malvaceus*) shrubs to burning and clipping 199
Mailly, D., *see* Ndiaye, P. et al.
Malavasi, U.C. (Rio de Janeiro, Brazil) and Perry, D.A. (Corvallis, OR, USA)
Genetic variation in competitive ability of some shade-tolerant and shade-intolerant Pacific Coast (USA) conifers 69
Margolis, H.A., *see* Ndiaye, P. et al.
Morgan, P., *see* Lea, S.M. and Morgan, P.
Mwabumba, L., *see* Ngulube, M.R. et al.
Ndiaye, P. (Thies, Senegal), Mailly, D., Pineau, M. and Margolis, H.A. (Sainte-Foy, Que., Canada)
Growth and yield of *Casuarina equisetifolia* plantations on the coastal sand dunes of Senegal as a function of microtopography 13
Ngulube, M.R., Chapola, G.B.J. and Mwabumba, L. (Zomba, Malawi)
The potential of Australian dry zone acacias for agroforestry in Malawi 83
Ogbonnaya, C.I. (Utura, Nigeria)
Effects of nitrogen sources on the wood properties of *Gmelina arborea* relevant to pulp and paper production 211
Parker, B.L., *see* Tobi, D.R. et al.
Parry, D., *see* Grundy, I.M. et al.
Perry, D.A., *see* Malavasi, U.C. and Perry, D.A.
Pineau, M., *see* Ndiaye, P. et al.
Quicke, H.E., Caulfield, J.P. and South, D.B. (Auburn, AL, USA)
Evaluating site preparation methods based on risk 163
Russell, J.H., *see* Grossnickle, S.C. and Russell, J.H.
Sankaran, K.V. (Kerala, India)
Decomposition of leaf litter of albizia (*Paraserianthes falcataria*), eucalypt (*Eucalyptus tereticornis*) and teak (*Tectona grandis*) in Kerala, India 225
Schönau, A.P.G., *see* Caulfield, J.P. et al.
Smith, C.J., *see* Hamilton, S.D. et al.
South, D.B., *see* Quicke, H.E. et al.
St-Jacques, C. and Bellefleur, P. (Sainte-Foy, Que., Canada)
Light requirements of some broadleaf tree seedlings in natural conditions 329

Tafangenyasha, C., *see* Grundy, I.M. et al.
Theodorou, C. and Bowen, G.D. (Glen Osmond, S.A., Australia)
Root morphology, growth and uptake of phosphorus and nitrogen of *Pinus radiata* families in different soils 43
Tobi, D.R., Grehan, J.R. and Parker, B.L. (South Burlington, VT, USA)
Review of the ecological and economic significance of forest Hepialidae (Insecta: Lepidoptera) 1
Urueña, H., *see* Kane, M. et al.
Van Heurck, P., *see* Abbott, I. et al.

Forest Ecology and Management, 56 (1993) 348–351
Elsevier Science Publishers B.V., Amsterdam

Subject Index

Acacia
Field estimation of N_2 fixation by *Acacia* spp. using ^{15}N isotope dilution and labelling with ^{35}S 297
The potential of Australian dry zone acacias for agroforestry in Malawi 83
Agroforestry
The potential of Australian dry zone acacias for agroforestry in Malawi 83
Allometry
Allometry and growth of planted versus coppice stands of four fast-growing tropical tree species 315
Bombacopsis quinata
The potential of *Bombacopsis quinata* as a commercial plantation species 99
Broadleaf seedlings
Light requirements of some broadleaf tree seedlings in natural conditions 329
Burning
Resprouting response of ninebark (*Physocarpus malvaceus*) shrubs to burning and clipping 199
Casuarina equisetifolia
Growth and yield of *Casuarina equisetifolia* plantations on the coastal sand dunes of Senegal as a function of microtopography 13
Clipping
Resprouting response of ninebark (*Physocarpus malvaceus*) shrubs to burning and clipping 199
Commercial planting
The potential of *Bombacopsis quinata* as a commercial plantation species 99
Competitive ability
Genetic variation in competitive ability of some shade-tolerant and shade-intolerant Pacific Coast (USA) conifers 69
Conifers
Genetic variation in competitive ability of some shade-tolerant and shade-intolerant Pacific Coast (USA) conifers 69
Containerized saplings
Growth reduction and root deformation of containerized lodgepole pine saplings 11 years after planting 131
Coppice stands
Allometry and growth of planted versus coppice stands of four fast-growing tropical tree species 315
Crown structure
Dynamics of crown structure and stem growth based on knot analysis of a hinoki cypress 57
Decomposition
Decomposition of leaf litter of albizia (*Paraserianthes falcataria*), eucalypt (*Eucalyptus tereticornis*) and teak (*Tectona grandis*) in Kerala, India 225

Defoliation
Impact of frequency and intensity of defoliation on growth of Jarrah (*Eucalyptus marginata*): an experimental study with saplings 175
Estimation
Estimation of forest growth from successive surveys 267
Field estimation of N_2 fixation by *Acacia* spp. using ^{15}N isotope dilution and labelling with ^{35}S 297
Eucalyptus
Impact of frequency and intensity of defoliation on growth of Jarrah (*Eucalyptus marginata*): an experimental study with saplings 175
Feeding biology
Review of the ecological and economic significance of forest Hepialidae (Insecta: Lepidoptera) 1
Gallery forest
Comparative water relations of seedling and adult *Quercus* species during gallery forest expansion in tallgrass prairie 29
Gas
Water relations and gas exchange processes of yellow-cedar donor plants and cuttings in response to maturation 185
Gmelina arborea
Effects of nitrogen sources on the wood properties of *Gmelina arborea* relevant to pulp and paper production 211
Growth
Allometry and growth of planted versus coppice stands of four fast-growing tropical tree species 315
Impact of frequency and intensity of defoliation on growth of Jarrah (*Eucalyptus marginata*): an experimental study with saplings 175
Growth estimation
Estimation of forest growth from successive surveys 267
Growth reduction
Growth reduction and root deformation of containerized lodgepole pine saplings 11 years after planting 131
Hepialidae
Review of the ecological and economic significance of forest Hepialidae (Insecta: Lepidoptera) 1
Hinoki cypress
Dynamics of crown structure and stem growth based on knot analysis of a hinoki cypress 57
Hurricane
Recovery and morphology of *Pinus resinosa* Ait. trees 50 years after they were displaced by a hurricane 113
Knot analysis
Dynamics of crown structure and stem growth based on knot analysis of a hinoki cypress 57
Leaf litter
Decomposition of leaf litter of albizia (*Paraserianthes falcataria*), eucalypt (*Eucalyptus tereticornis*) and teak (*Tectona grandis*) in Kerala, India 225
Light
Light requirements of some broadleaf tree seedlings in natural conditions 329
Management
A pluralistic, pragmatic and evolutionary approach to natural resource management 279

Microtopography
Growth and yield of *Casuarina equisetifolia* plantations on the coastal sand dunes of Senegal as a function of microtopography 13
Natural resource management
A pluralistic, pragmatic and evolutionary approach to natural resource management 279
Nitrogen
Effects of nitrogen sources on the wood properties of *Gmelina arborea* relevant to pulp and paper production 211
Field estimation of N_2 fixation by *Acacia* spp. using ^{15}N isotope dilution and labelling with ^{35}S 297
Root morphology, growth and uptake of phosphorus and nitrogen of *Pinus radiata* families in different soils 43
Paper production
Effects of nitrogen sources on the wood properties of *Gmelina arborea* relevant to pulp and paper production 211
Pests
Review of the ecological and economic significance of forest Hepialidae (Insecta: Lepidoptera) 1
Phosphorus
Root morphology, growth and uptake of phosphorus and nitrogen of *Pinus radiata* families in different soils 43
Pinus
Growth reduction and root deformation of containerized lodgepole pine saplings 11 years after planting 131
Recovery and morphology of *Pinus resinosa* Ait. trees 50 years after they were displaced by a hurricane 113
Root morphology, growth and uptake of phosphorus and nitrogen of *Pinus radiata* families in different soils 43
Planted stands
Allometry and growth of planted versus coppice stands of four fast-growing tropical tree species 315
Propagation
Water relations and gas exchange processes of yellow-cedar donor plants and cuttings in response to maturation 185
Quercus
Comparative water relations of seedling and adult *Quercus* species during gallery forest expansion in tallgrass prairie 29
Recovery
Recovery and morphology of *Pinus resinosa* Ait. trees 50 years after they were displaced by a hurricane 113
Resprouting
Resprouting response of ninebark (*Physocarpus malvaceus*) shrubs to burning and clipping 199
Risk
Evaluation site preparation methods based on risk 163
Root deformation
Growth reduction and root deformation of containerized lodgepole pine saplings 11 years after planting 131
Root morphology
Root morphology, growth and uptake of phosphorus and nitrogen of *Pinus radiata* families in different soils 43

Sand dunes
Growth and yield of *Casuarina equisetifolia* plantations on the coastal sand dunes of Senegal as a function of microtopography 13
Seedlings
Light requirements of some broadleaf tree seedlings in natural conditions 329
Shade
Genetic variation in competitive ability of some shade-tolerant and shade-intolerant Pacific Coast (USA) conifers 69
Shrubs
Resprouting response of ninebark (*Physocarpus malvaceus*) shrubs to burning and clipping 199
Site preparation
Evaluation site preparation methods based on risk 163
Species–site selection
Making eucalyptus species–site selection decisions using stochastic dominance analysis 147
Stem growth
Dynamics of crown structure and stem growth based on knot analysis of a hinoki cypress 57
Stochastic dominance analysis
Making eucalyptus species–site selection decisions using stochastic dominance analysis 147
Tallgrass prairie
Comparative water relations of seedling and adult *Quercus* species during gallery forest expansion in tallgrass prairie 29
Water
Comparative water relations of seedling and adult *Quercus* species during gallery forest expansion in tallgrass prairie 29
Water relations and gas exchange processes of yellow-cedar donor plants and cuttings in response to maturation 185
Wood supply
Availability and use of trees in Mutanda Resettlement Area, Zimbabwe 243
Wood use
Availability and use of trees in Mutanda Resettlement Area, Zimbabwe 243
Yellow-cedar
Water relations and gas exchange processes of yellow-cedar donor plants and cuttings in response to maturation 185
